WORK EXPERIENCE

Frontend Internship

Suga Incorporation Pvt. Ltd.

02/2023 - 05/2023

Kathmandu, Nepal

Front-End Developer Intern and Junior Developer at Suga Incorporation Pvt. Ltd., enhancing user interfaces and contributing to web and digital marketing projects.

Frontend Developer

CCIC

06/2023 - 11/2023

Worked as a frontend developer for 5 months, building a React.js interface for a full-stack platform that helps track financial data, manage loans, and generate reports, in collaboration with a Django backend team.

Frontend Developer (Freelance)

Homebaba [🔗](#)

02/2024 - 04/2025

Built the complete frontend of Homebaba.ca as a remote part-time freelancer, delivering a responsive, user-friendly interface for a dynamic real estate platform.

Frontend Developer (Freelance)

Ozedi [🔗](#)

01/2025 - 06/2025

Developed the frontend of OzPayroll.com, building a dynamic dashboard and HR system with responsive payroll and onboarding interfaces.

PROJECTS

FarmMart (06/2022 - 10/2022) [🔗](#)

- A full-stack e-commerce platform using HTML, CSS, JS, Bootstrap, and PHP, connecting farmers and consumers to promote fresh produce and sustainable food sources.

BusinessBoard-Business Management (03/2023 - 06/2023) [🔗](#)

- A frontend project using React and Redux to visualize and analyze key business metrics with user-friendly interfaces and customizable widgets.

SPDSS School Website (11/2023 - 01/2024) [🔗](#)

- Developed a responsive React.js site to showcase academic info, news, events, and admissions, with a clean UI for easy access by parents and students.

ReconditionHub (02/2025 - Pres) [🔗](#)

- Developed a responsive website using **Next.js** for listing reconditioned vehicles. Built user-friendly interfaces for browsing vehicle details and managed a dashboard for adding and updating vehicle listings. Integrated form validation, loading states, and custom error handling to enhance the user experience.
